

iPad setup guide

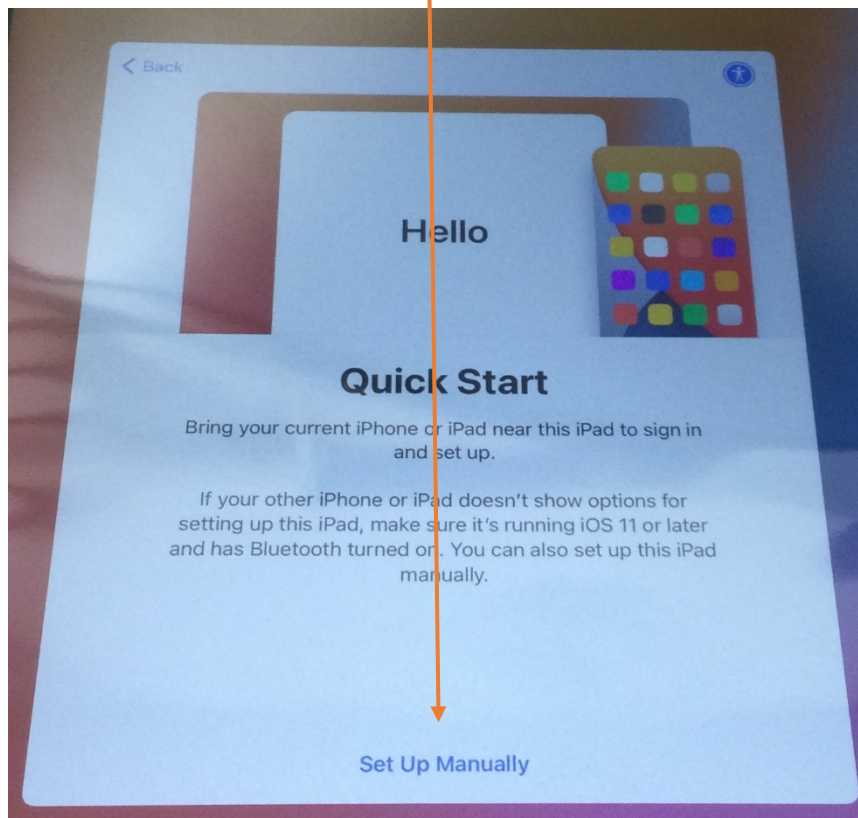

1. After taking your iPad out of the box, press and hold the Sleep/Wake button on the upper-right edge. This will turn the iPad on.

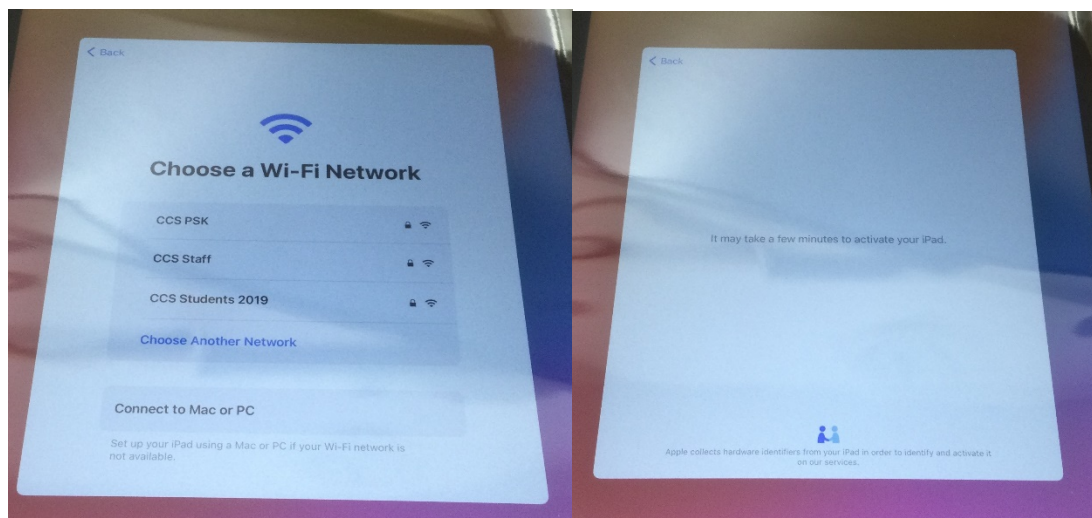

2. Press the home button and select language/ region these will be English/ United Kingdom respectively

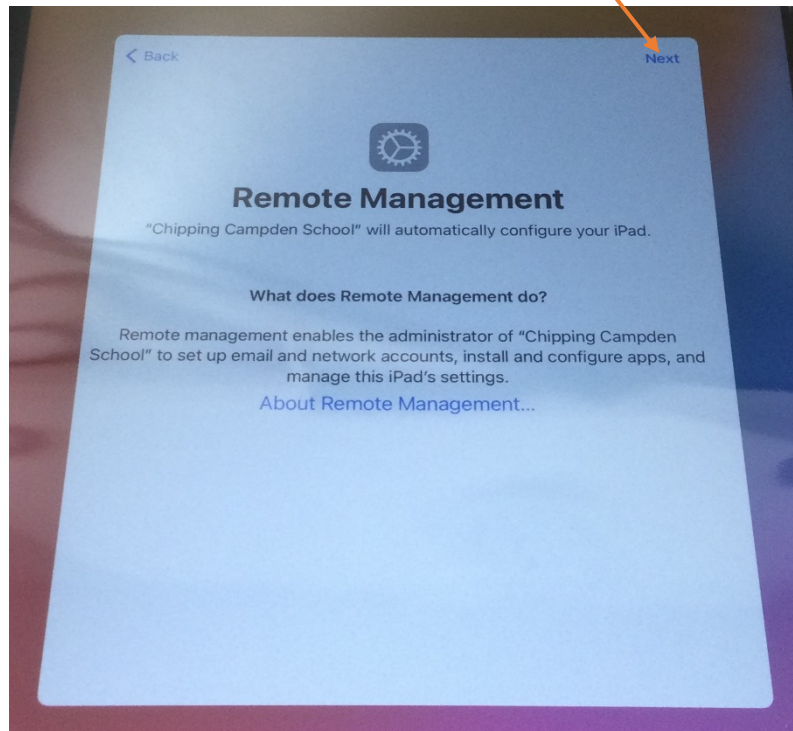

3. On the quick start select 'Set Up Manually' at the bottom of the white box.

4. Connect to a Wifi network and wait for the iPad to activate.

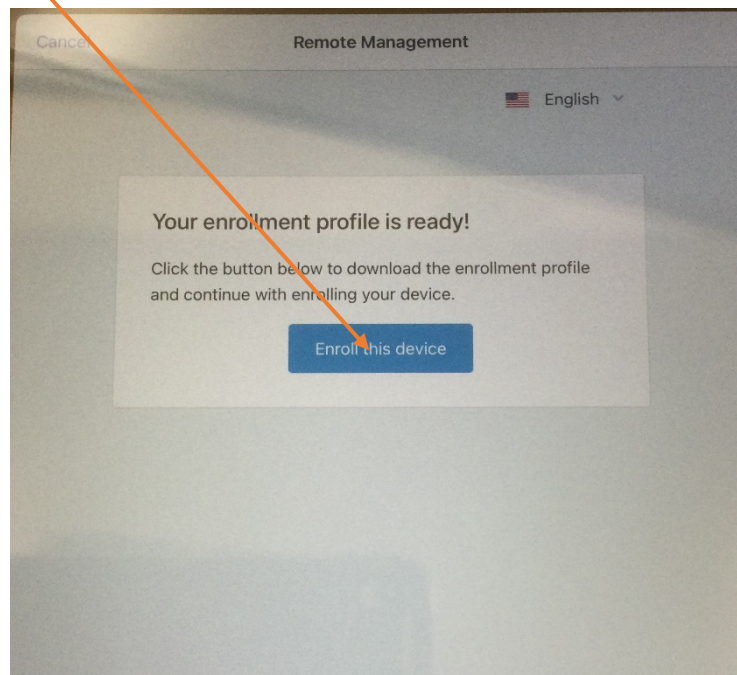

5. On the remote management screen press next and you should see a Chipping Campden School logo and a sign in box.

6. Sign in with your school user name and password and then click enrol your device.

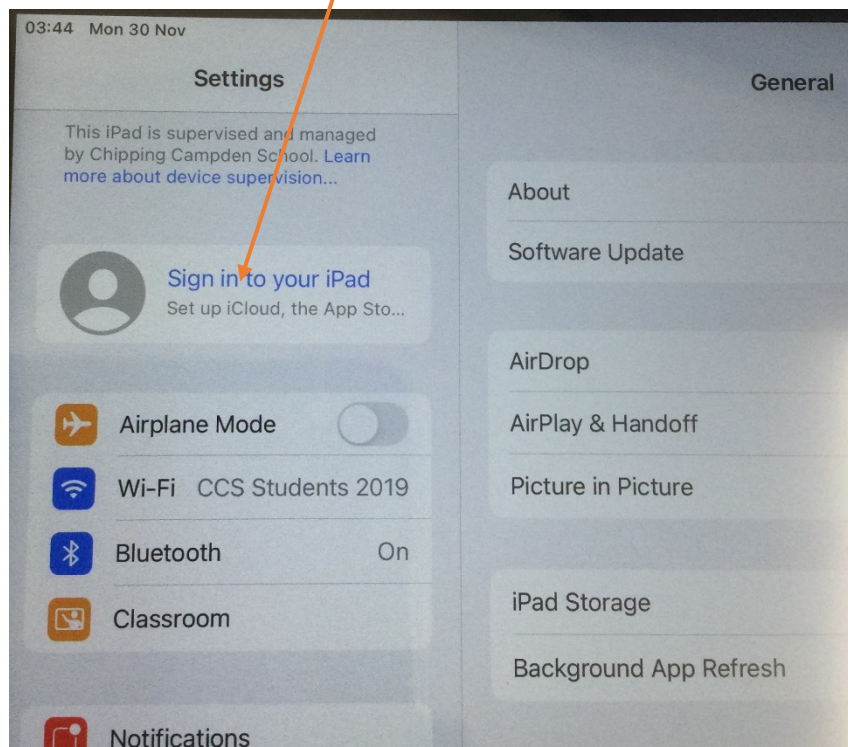

Enrol Device

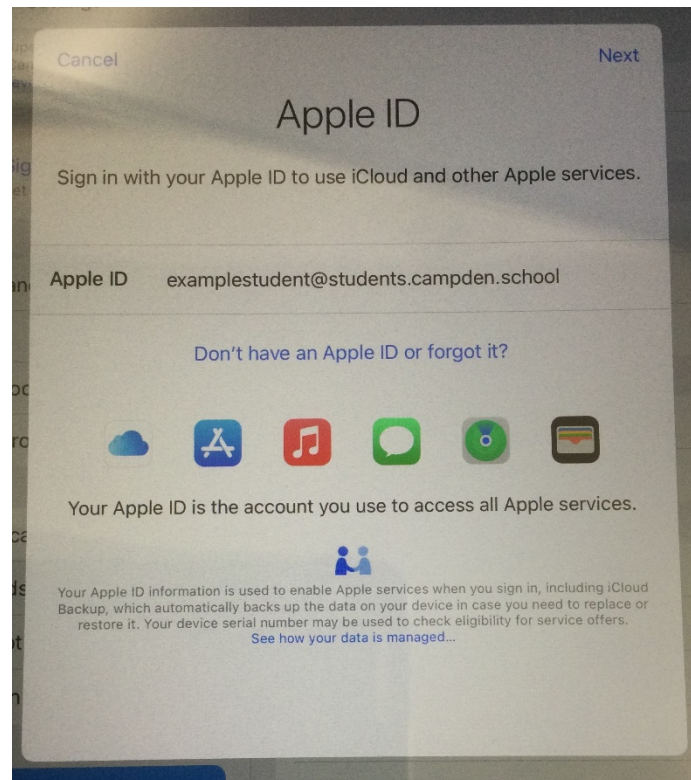

You are now set up as the owner of the iPad and is ready to use.

Set up School Apple ID

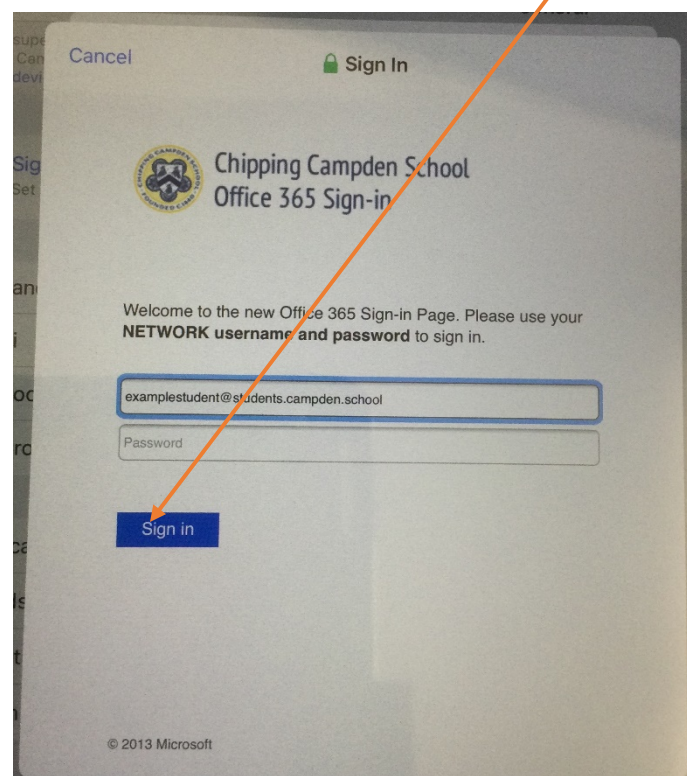

1. Go to Settings> Sign in with Apple ID.

2. Put your school email address in the Apple ID field. (email addresses are username + '@students.campden.school')

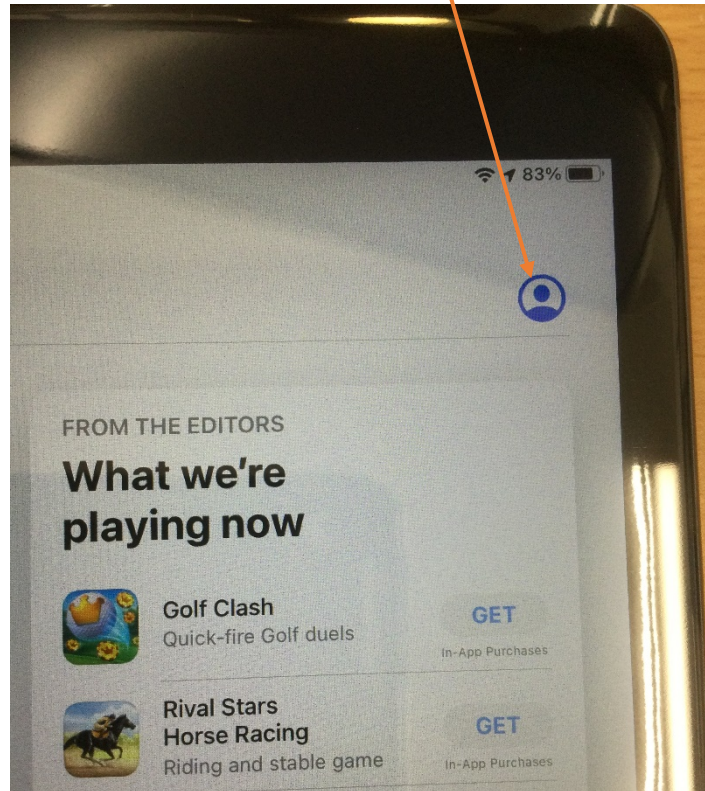

3. On the school office 365 sign in put your school email address and password in their respective fields and press sign in. You will now be signed in with your school Apple ID.

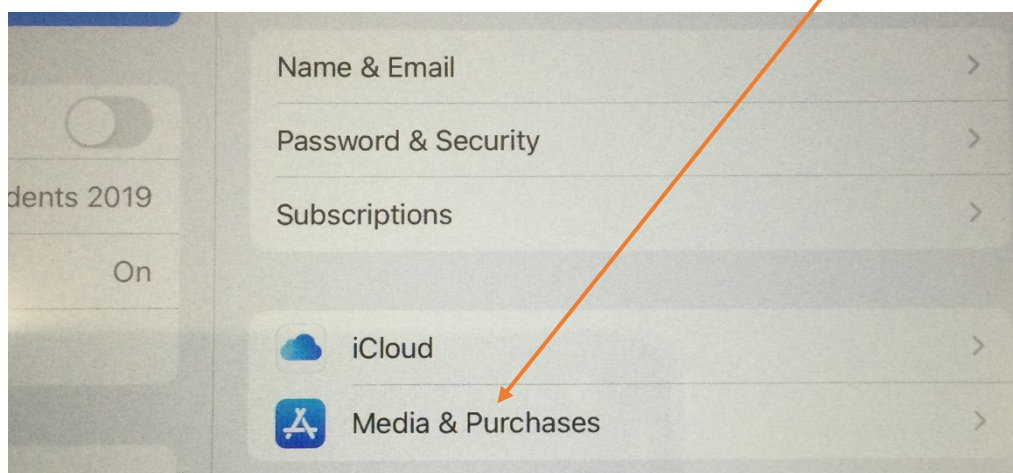

Purchases from the App Store are not supported by school Apple ID, as such you will need to use a personal apple id to use the app store. To use a personal Apple ID in the App Store, do the following:

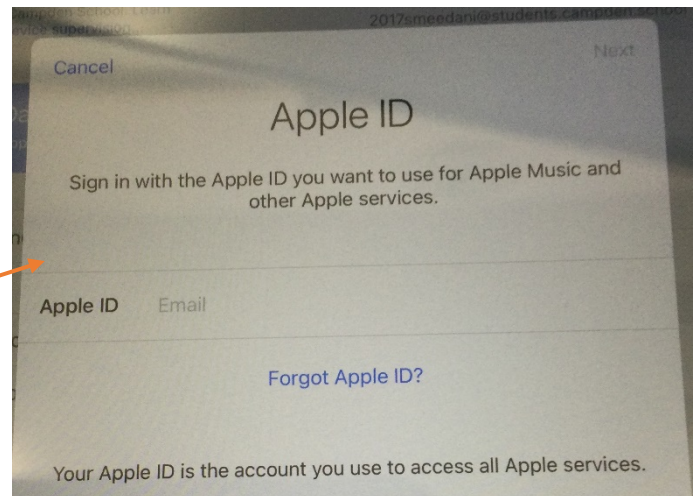

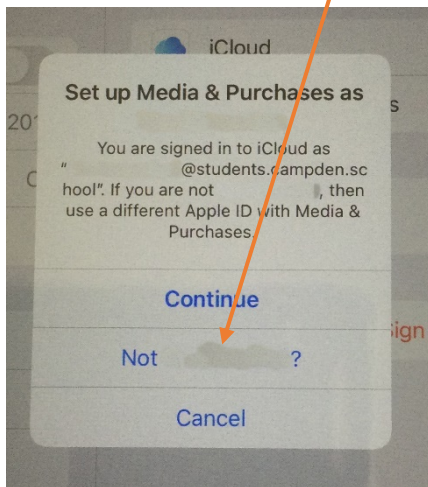

1. Go to the App Store and press the ID button, if you're signed in with a school Apple ID press sign out.

2. After you've signed out go to Settings > Apple ID and press Media & Purchases.

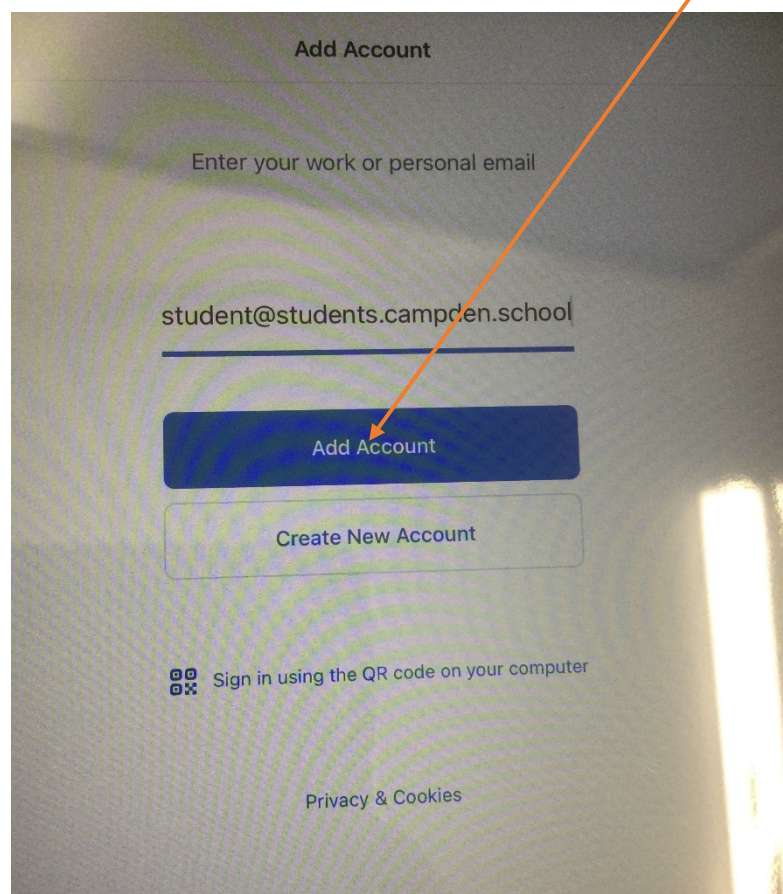

3. Then press not 'username' and sign in with your personal Apple ID. You will now be able to make purchases from the App Store.

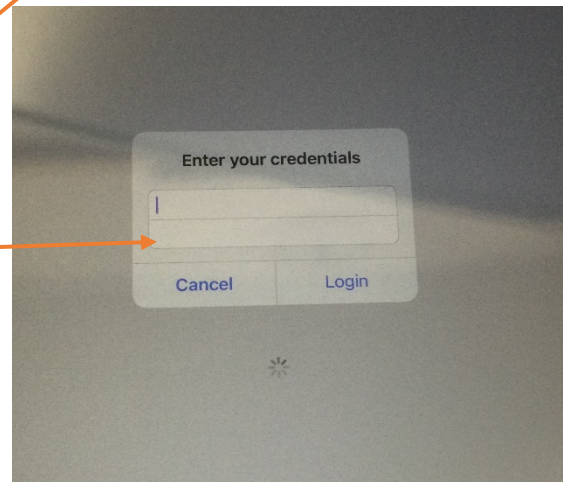

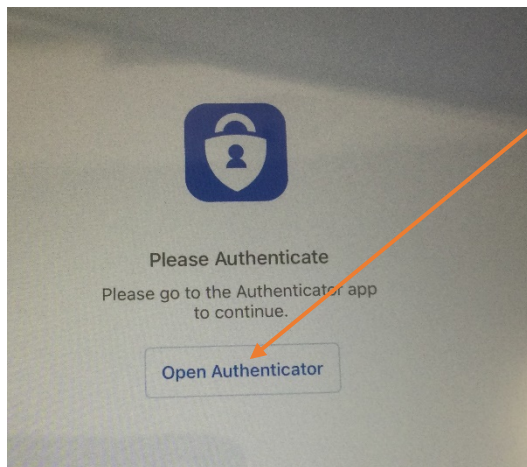

Sign into Microsoft Office apps

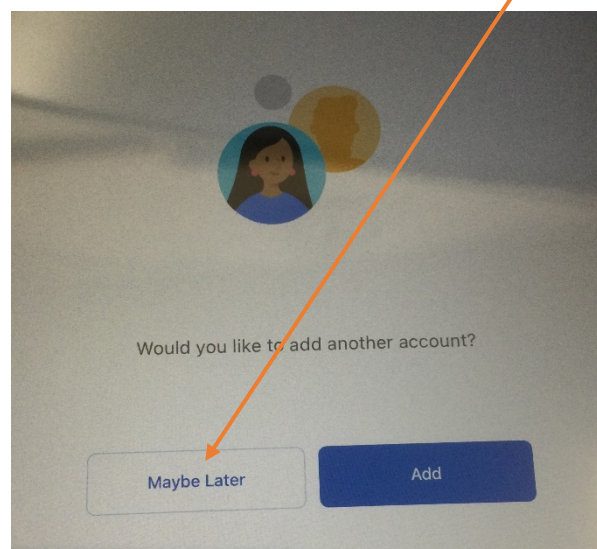

1. To sign in to office apps we will first sign into the outlook app. Put your student email address in the email field and press add account.

2. This will open Microsoft Authenticator - press Open Authenticator, you will need to put in your student username and password in the credential box.

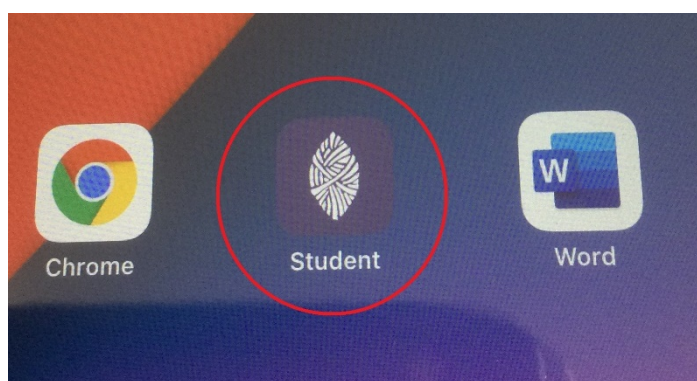

3. Once you are back in the outlook app press Maybe Later. This will sign you into all Office apps on the device including Teams.

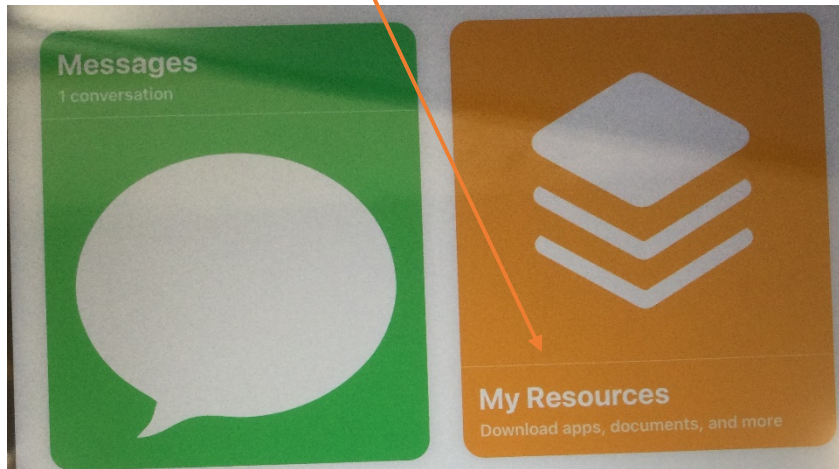

School Apps

Any apps provided by the school will be available from the student Zuludesk app. (As seen below)

To find an app that is provided by the school but not installed on the iPad, press the Zuludesk app, accept any requests, and press 'My Resources'

Any app the school provides will now appear in a window, pressing 'Get' will install the app on the iPad.
